

New Product Information

Yetter adds versatile double-bar toolbars to product lineup

31' and 41' folding toolbars take on a variety of tasks

[View the double toolbar on the Yetter website.](#)

31-Foot Toolbar specs

- Actual length: 30' 7"
- Weight: 3,000 lbs

41-Foot Toolbar specs

- Actual length: 41' 5"
- Weight: 3,550 lbs

Category 3, category 3 narrow, and category 4 hitches are standard. The optional gauge wheels are adjustable with a ratcheting turnbuckle to control operating depth.

Yetter also offers [Single Hydraulic Locking Toolbars](#) in 31' and 41' models.

Always committed to providing producers with the solutions they need, Yetter Farm Equipment is introducing versatile, double-bar folding hydraulic toolbars in two widths: 31' and 41'. Folded widths of 16' and 21' allow for easy transport.

Both of the new toolbars' center and wing sections are constructed of 7" by 7" bars with 3/8" wall tubing. Wings are folded using 5" by 24" hydraulic cylinders.

Growers will love the flexibility the Yetter toolbar design offers. The 3831 31' Double Locking Hydraulic Toolbar and 3841 41' Double Locking Hydraulic Toolbar are designed to allow product mounting with spacing as narrow as 14" centers and as wide as 60" centers.

"These toolbars can be customized for use for a variety of applications: strip-till, cultivating, or fertilizing," said Jared Head, product specialist. Yetter offers options to further customize each toolbar for its intended use. A rear hitch can be added to tow fertilizer tanks.

Profitable Solutions for Production Agriculture

Established in 1930 and based in Colchester, Illinois, Yetter Manufacturing Company is the industry leader in planter attachments that boost productivity and profitability. Yetter makes a variety of coulters, residue managers, precision fertilizer placement products, markers, and bulk seed handling devices.
