

Innovative Products Take Center Stage at Farm Shows

With the farm show season fast approaching, there will be many opportunities to see firsthand Yetter Farm Equipment's extensive line of profitable solutions in action. Upcoming shows will feature industry-leading innovations, including the 2940 Air Adjust Residue Manager and 2987 Magnum for Fertilizer Application.

"Farm shows give our customers the chance to keep up to date on the latest products in our lineup, as well as see some of our most popular farm equipment in action," said Scott Cale, Yetter territory manager. "If you're a farmer looking for some new options or an answer for a challenge you've been dealt, our sales representatives are on hand. We can help you choose the best Yetter solution and show you how our products can save you time and money." After the show, visitors with further questions are invited to call Yetter at 800-447-5777 or visit www.yetterco.com.

Yetter will be on hand to display its product line and answer questions at the following shows:
