

JOHN DEERE 7000 Front Fold Planter

8, 12 and 16 row

Equipped with: John Deere 2 1/2" fert. bar
2995-065-L/R assembly
2990-154 Clamp kit 2 1/2 sq. bar
2990-208 3" Offset shank

257

(partial illustration of 8 row model shown)

Illustration may not accurately depict row spacing.

Note - The two coulters for each row require 3" offset shanks and must be mounted a minimum distance of 2"-3" from either side of the row. One shank mounts on the front of the bar and one mounts on the back of the bar with both being offset toward the front.

Note - For double coulters with other coulters combinations, the same configuration shown would apply.
