

NEW! 7500 NARROW FOLD DOUBLE-FRAME HYDRAULIC TOOLBAR

Get the productivity of a 40' toolbar with a compact 18' transport footprint.

Designed for today's larger row configurations, the 7500 Narrow Fold Double-Frame Hydraulic Toolbar delivers big-acre productivity with narrow-transport mobility. Its rugged double-fold design supports multiple tillage and fertilizer applications on a single toolbar platform.

7500 TOOLBAR

- » Hydraulic double-fold design folds wings for transport
- » Four-pivot-point design
- » Heavy-duty tubular frame construction
- » Optional gauge wheels with ratcheting turnbuckle depth adjustment
